

OUR CERTIFICATIONS

Our certifications

- ✓ ISO 13486:2016 certified
- ✓ ISO 9001: 2015 certified
- ✓ DPIIT (Govt. of India) certified
- ✓ Institutional Biosafety Committee (DBT)
- ✓ MSME Registered
- ✓ Trademark Registered with Trade Mark, Registry, Govt. of India

GRANTS/AWARDS

- ✓ Biotechnology Ignition Grant Award-2013
- ✓ Grand Challenge-TB Control - Bill and Melinda Gates Foundation | USAID | BIRAC, Govt. of India Phase-1 Grant -2015;
- ✓ Grand Challenge-TB Control - Bill and Melinda Gates Foundation | USAID | BIRAC, Govt. of India Phase 2 Grant-2017
- ✓ Grand Challenge Explorations- Bill and Melinda Gates Foundation | USAID | BIRAC, Govt. of India Grant-2017
- ✓ DBS-NUS Social Venture Challenge Asia 2017 Finalist.
- ✓ BIRAC (Dept. of Biotechnology) Pre- Accelerator MedTech Challenge Grant-2021
- ✓ Fastest Growing Indian Company Award (2019) – International Achievers Conference, Bangkok
- ✓ Small Business Innovation Research Initiative (SBIRI) (2013) – Dept. of Science and Tech., Govt. of India.

INTRODUCTION

- WobbleBase Viral RNA Extraction Kit is designed for the isolation and purification of viral RNA from cell free fluids like plasma, serum and other body fluids.
- This Kit provides unique buffer systems that efficiently lyse the cells, release the RNA and allows it to specifically bind to the silica-membrane.

KEY FEATURES

- Rapid purification of high quality RNA.
- Eliminates the use of hazardous organic compounds.
- High binding capacity of the column provides consistent and high yield of purified RNA.
- Complete removal of contaminants and PCR inhibitors by specific washing steps.
- No extra enzymatic incubation step reduces the processing time.
- Available in different pack sizes
- Reliable and cost effective.

SPECIFICATIONS

Technology	Hybrid Silica Spin Column (Patented)
Sample Type	Plasma, serum , other body fluids
Application	PCR ,Real Time PCR and NGS
Elution Volume	50 µl
Processing	Manual (Centrifugation)
Recovery	>90%
Time per preparation	30 minutes

WB VIRAL RNA EXTRACTION (Hybrid spin column based)

-
- ✓ TATA Health Fund (Phase 1 - Biosafety) – 2024
